IN RIGHT EARNEST

Dear Members of Mangalore Club, it's my pleasure to share some of the decisions of the Managing Committee -

- Child Members between 16 years to 25 years can now get a smart card for club usage.
- HTI, a Mumbai based institute, has been shortlisted to train our Housekeeping and Hospitality Team.
- We are on the lookout for a suitable training organization for our Kitchen team.
- As a first step to energy optimization, the entire staff has been sensitized to reduce wastage.
- Mr. Shashidhar Pai, has set the Club Day as the D day to launch the Manual of Operations.
- 24/7 security will be provided at the club. Two pre-fabricated cabins will shelter the security staff. They will need your understanding, cooperation and smiles.

Security Protocol is being worked out by our HR Team headed by Satish Pai. MC Live has got a positive feedback from all. The Editor -Dr. Siddarth Shetty and the entire team is motivated to do better. On the culinary front Ganesh Kamath and Prasad Monappa have promised us theme based food festivals every month and you should hear from them soon. Sameer Saldanha and his team gave us a great show at the Independence Day Celebrations. Over 200 members and guests participated. The cool confines of new AC hall provided everyone the right atmosphere for the day. Your suggestions will keep us going. Please feel free to make them.

-Isaac Vas
Honorary Secretary.

Face painting was a big draw with children during Independence day celebrations.

THE EDITORS DESK

WITH RHYME & REASON : INDEPENDENCE DAY

India celebrated seventy years of independence and so did we, at MC. The flag was hoisted by Secretary Isaac Vas in the presence of the staff and the Committee.

The much awaited Treasure Hunt was flagged off at eleven. Fifteen teams participated, four of which were all women. The winners, Team Lester Douza and Team Sulaj Kini were in seventh heaven!

The afternoon session was held in the beautiful new AC Hall.

From the tiny tots to the senior citizens, it was encouraging to see the presence of all.

The houseie session was the start to all the fun. Everybody was engrossed, hoping to be the lucky one.

After which the vivacious Mariette Aranha took over the floor.

Her well-crafted, Independence-Day inspired games had us all wanting more.

She had something for both the young and the old with prizes galore.

The long weekend brought home a lot of out-station crowd.

To have the place buzzing with youngsters, made us so proud.

The one-man band Vivian sang many a foot tapping melody.

While we all sat around, enjoyed the lunch and each others' company.

It was great to spend time together like one big family.

All those present would agree that it was a day well spent.

Signing off now, hoping to see more of you at the next event. - **Ramona Mathias**

YOGA FOR WOMEN

Yoga - Sanskrit for 'Union' is an old discipline practiced in our country. It is not only a spiritual and a physical discipline but a complete path by itself. Yoga uses breathing techniques, exercise and meditation. Yoga not only improves health and happiness but brings you to understand the ultimate reality of life.

And what better way than to practice it within the salubrious surroundings of the Club, the early morning rays of the sun rising in the east, the majestic Nethravathi flowing quietly to the Arabian sea and the sounds of an occasional train on the bridge. You move towards an experiential reality and learn the ultimate nature of existence. What are you waiting for? -

Prof. CA Lionel Aranha

Timings: 8.15 a.m. to 9.15 a.m. Days: Monday, Wednesday & Friday
Guru: Mr. Basavaraj L. Gollari, M.Sc. (Yoga)
Contact: The Manager, Mangalore Club 2414146.

EAT

Pandhi Curry

The legendary Pandhi Curry from Kodaagu has found its way to MC. Yes, you read that right. You don't have to drive to the land of the Kodavas to taste this tantalisingly tangy-spicy tuck-in. Introduced to the MC by our dynamic General Manager **Prasad Monappa**, this delectable dish has its ingredients prepared fresh - the spices are finely ground and pan fried, with ginger and garlic which is then used to marinate the pork. As the masala permeates through the meat, it is then cooked until tender with a special ingredient sourced directly from Coorg - **Kachampuli**. Made from a slightly fermented juice of the Gummi Gulta fruit, this special ingredient gives the 'Pandhi' a characteristic tangy and succulent flavour. Don't wait any longer, dig into the pandhi curry and enjoy! Bon Appetit! - **The Epicurean Foodie**

TREASURE HUNT

The Mangalore Club treasure hunt is a much-anticipated annual event for MCites. So, on 15th August this year, as has been the norm we assembled in the club for the registrations and flag off. Our team consisting of me Lester D'Souza (driver), Sandeep D'Silva (navigator) and our master minds Dr Rashmi Rasquinha and Ms.Tarvi Pinto. We started off in our blue Suzuki Baleno at 11:10 am. The search took us through Jeppu market, Goriqudda, S L Mathias Road, Bishop Victor Road, Padil, Maroli, Nanthoor and back to finish at the club. Even though some of the clues provided were wrong, some required a keen eye for detail and some needed us to search the internet we had a fun filled day especially since we won the treasure! - **Lester D'Souza**

IDENTITY

When Mario Miranda visited Mangalore, his art work emphasized the Chimneys of Mangalore Tile factories. Every city has its own identity and the chimneys that dot the sky line are what characterize Mangalore. I have often gazed nostalgically at these majestic structures from the terrace of Mangalore Club

Mangalore tiles were the only tiles recommended for government buildings in India under the British Raj. If I were to decide in the place of the powers that be, I would ensure that houses built with Mangalore tiles would be eligible for a special subsidy, lower housing loan interest rates, subsidized electricity bills, etc. to support what is undoubtedly an eco-friendly material for our weather.

To maintain them in their existing glory the Tile factories could be converted into Malls, super markets or shopping centers with restaurants and other tourist attractions - without touching their architecture and their production eco system. Imagine enjoying your favorite beer from a microbrewery whilst tiles were being baked, seasoned and moved on conveyors around you! The possibilities are unlimited.

Will the tile factories and their chimneys live beyond the present generation? Will our gen next think out of the box and find ways to save our heritage. Only time will tell. But for the present, my only solace is wistfully gazing at these structures which bring in a rush of memories.

I wonder if anyone has the collection of Miranda's work portraying the city I love and chose to live in.
